SUMMARY

Experienced Java/Spring Boot engineer specializing in scalable ERP systems, API development, SQL optimization, and third-party integrations. Proven ability to lead teams, enhance performance, and build intelligent workflows—including AI-powered automation systems—to accelerate business operations.

WORK EXPERIENCE

Sr. Java Developer

Nov 2025 - present

Developed and enhanced **ERP** modules using **Java/J2EE**, **Struts 2**, **Spring**, **Hibernate**, and **MySQL**, while supporting frontend tasks using **ExtJS** and **JavaScript**. **Debugged legacy code**, **optimized SQL queries**, and worked in a **Linux environment** to improve system performance. Coordinated with teams to translate business requirements into scalable product features and adapted to new technologies like **ReactJS** and **JSON-based APIs**.

Software Engineer

Jan 2024 - Aug 2025

Led **ERP development** using **Java/Spring Boot microservices**, boosting **performance** through **optimized reporting**, **secure API integrations**, and **automated CI/CD pipelines**. Managed a 3-member team, improved **SQL efficiency**, and **delivered faster, scalable ERP modules** with enhanced **frontend and backend automation**.

Software Engineer Intern

Mar 2023 - Oct 2023

Built **high-performance REST API's** using **Java**, **Spring Boot**, **Struts**, and **Thymeleaf**, serving **1M+** monthly users with **improved response times**. Raised **code coverage** from **25% to 89%** using a **JUnit-based automated** testing framework. Strengthened **fintech security**, **reducing vulnerabilities** by **25%** and increasing customer trust.

PROJECTS

AI-Powered RFP Management System

Built an **AI-powered RFP automation system** that converts **natural-language** needs into **structured RFPs**, **auto-parses** messy vendor emails, and recommends the best proposal. Implemented full workflow—**RFP creation**, **vendor management**, **email integration**, and **AI-driven comparison**—using **React**, **Spring Boot**, and **PostgreSQL**.

EDUCATION

2021-23 MCA at **Noida Institute of Engineering and Technology, Greater Noida** (GPA: 8.35)

SKILLS

Frontend HTML5, JavaScript

Backend Java, Spring, SpringBoot, Spring MVC, SpringDataJpa, Restful API, Hibernate, MicroServices, Design Pattern, Collection Framework, Multithreading, Servlet, AWS

Tools Maven, Git, PostMan, Jenkins, Tomcat Server, Oracle SQL Developer, Linux (Ubuntu) OS
